To Our Valued Customers:

Dietrich Metal Framing is announcing a 10% price increase on all standard stud and track products on new orders acknowledged for delivery on or after October 1, 2005. Our other catalog items will be increasing from 7% to 10% depending on the specific item.

Your Inside Sales Representative will be contacting you during the next two weeks to review pricing and address any questions or issues you may have.

Outstanding quotations for named projects will be price protected for 30 days from the date of the quotation.

Dietrich Metal Framing is making these adjustments to reflect the changing market conditions and supply dynamics.

We appreciate your business loyalty and thank you for your continued support.

Sincerely,
